

Engraved Print Wheels Indent & Embossing Wheels

PRINT WHEELS

We manufacture a complete line of engraved wheels for printing on insulated wire, cable, hose, tubing, and extruded profiles. Engraving settings to print on a variety of substrates like PTFE, XLPE, PVC, NYLON, and SILICONE. Exceptional print quality available in a variety of font styles with symbol and logo generation capability.

INDENT & EMBOSSING WHEELS

Wheels are designed for marking directly on the cable or hose surface (without ink) during the extrusion process. Character sizes from .031" up to .25". Logo generation capabilities allow for customization of your product.

Contact us for more detailed information and specific recommendations regarding your printing & marking applications.
